# The Pike Pub & Brewery

## The Pike Pub

We are conveniently located in the heart of downtown Seattle next to the famed Pike Place Market. We pride ourselves on offering one of the largest selections of award-winning beers in the Pacific Northwest, many brewed before your very eyes in our interactive brewery. We understand it takes more than good beer. Our food offerings are all prepared naturally with the freshest ingredients, many available from the farmers and fisherman in the Pike Place Market. To round out your experience, enjoy a cigar in our fully ventilated "Havana Room", maybe a top shelf spirit, or relax and test your skills on a variety of games and entertainment in our adjoining Brewing Museum. We can accommodate parties up to several hundred people for formal dining, casual get-togethers and corporate functions.

## The Pike Store

To commemorate your stay with us, be sure to stop by the Pike Store. We stock a large selection of hats, clothing, glassware, and other brewery gear. All of the merchandise is made of the highest quality, reasonably priced, and proudly displaying the famous Pike logo. One thing you can be sure of with this stuff—you'll get lots of questions and comments like "Where'd you get that cool Pike shirt?" and "Pike, I love that beer." Be ready...

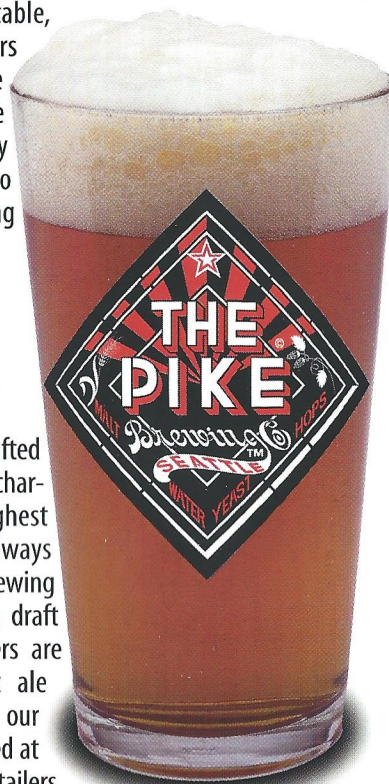

## The Pike Brewery

With beginnings in a small cramped space half a block away, strong demand has allowed us to successfully graduate to a state-of-the-art brewery with a capacity of 15,000 barrels per year (about 30,000 kegs). As you relax at your table, you can watch our brewers navigate the spiral staircase in the center of our unique multi-level brewhouse. They love to talk about beer so don't be shy about asking a few questions.

—*Northwest Beer Journal*

We brew all-natural handcrafted beers of intense flavor and character using only the highest quality ingredients and always adhering to the strictest brewing standards. We produce both draft and bottled beer. Pike beers are available locally in select ale houses and restaurants, and our bottled beer can be purchased at finer food and beverage retailers throughout the Northwest.

**Since 1989, the Pike name has been synonymous with the finest quality beers. Below are a few accolades:**

*"One of the Top Ten Breweries in the World"*  
*World Beer Championships*

Brew guru Bill Owens calls Pike beers *"The finest in the Northwest."*

Portland beer writer Fred Eckhardt described Pike Pale as:  
*"Eminently quaffable and delightfully delicious, this is a true gem from one of Seattle's most remarkable breweries."*

Cookbook author Stephen Beaumont chose Pike Street XXXXX Stout as one of *America's 10 best beers.*
