Community Responsibility Tax

As a member of this grand community, we are proud of the fact that we have instituted a self-imposed "community responsibility tax". This tax is directly tied into the sale of every glass of our home grown ale. We match dollar for dollar all taxes that the federal government charges us for the rights to brew our Homegrown Ales. These monies are then used for the betterment of our community through donations to various charities, service projects and deserving individuals. Thank you for helping us to help others.
